DESCRIPTION
spends 1 grit at beginning of his activation and acts first: all the team pilots ignore cover maluses for their next activation
his Bash attack has range 3
his lasers inflict 5 damage instead of the normal 4: they can damage and destroy blocks and half blocks
his tekka takes half damage from lasers and polasers
at beginning of his activation he can eject RH weapon to equip a Melee 1H one (lightsaber if possible), 1/game
he critically hits and destroys any non-tekka unit on a roll of 4 or less
he designs and uses a legendary tekka, only one per team (see description, page 55)
he spends all grit, names a foe in LoS at any range, then rolls an AP check: grit x6 damage, half on failure
